

Note: Allocations listed on this website are final based on information from the U.S. Department of Education for federal programs and State School Aid Act for state programs. If errors are found in the district information used to calculate the allocations, the amounts will be subject to change.

With regard to the Title V, Part A amounts listed for private schools, please note that the legislation requires allocations to be based on private schools that participated in the previous year. If there is any change in the private schools that choose to participate, the district must adjust the public and private school amounts proportionately to ensure that equitable services are provided to all participating schools.

Revised: 12/13/02
